**Notes**

- If requesting for a final product, please inform us of the parts to be tested.
  - ◇If it is the same material (product color differences), up to 3 colors can be mixed and tested at the cost of 1 sample.
  - However, if a specific Aromatic Amine is detected more than 1/3 (for 3 mixed samples) of the standard value, a retest is required.
  - ◇When a certain amount is detected, it will incur a cost as a separate confirmation test.
- The required sample amount is about 10g.
- The delivery time is usually 5 business days. If you need an express service, please contact us separately.
